## **DETAILED ACTION**

## Allowable Subject Matter

- 1. Claims 1-2, 9-11, 16-17, 24-26, 31-32, and 39-41 are allowed.
- 2. The following is an examiner's statement of reasons for allowance: independent claims 1, 16 and 31 teach bypassing buffers within the server and buffers within the file system which are also within the server during a write operation or a call back type read operation and when the server does not have notice of the passing of the data between the buffers.
- 3. The closest prior art of record does not teach bypassing buffers within the server without prior knowledge during a read or write operation. Therefore, independent claims 1, 16 and 31 are allowable over the prior art.
- 4. Claims 2, 10-11, 17, 24-26, 32 and 39-41 are allowed by the same rational as well as the further limitations added by these dependent claims.
- 5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
